PRESS RELEASE

Civility Partners named Best Community Impact Finalist for the 2017 Business Excellence Forum and Awards.

Gala Awards Night in Houston, Texas Will Prove Rewarding

SAN DIEGO, February 20, 2017: Houston, TX - Catherine Mattice, International Speaker, Author, consultant and trainer, Civility Partners, was named a Finalist for Best Community Impact at the 2017 Business Excellence Awards, which will be held at The Westin in Houston, TX on February 20, 2017.

The Business Excellence Awards honor the “best of the best” results in small and medium sized businesses from around the world, and showcases exceptional results for business owners, entrepreneurs, their teams and their companies. The Business Excellence Forum and Awards are sponsored by ActionCOACH, the world’s number one business coaching firm. ActionCOACH Founder and Chairman Brad Sugars will be presenting.

Catherine Mattice, and her company, Civility Partners, have carved out a niche in Workplace Bullying and Civility Consulting.

“Since joining Karie Kaufmann at ActionCOACH in 2015, I have seen enormous growth in my business. Within the first six months of working with her I doubled my sales, and revenue has only gone up from there. As of today, I have already earned 85% of the sales I earned in all of last year. It’s pretty amazing. Being nominated for this award is pretty amazing too. Workplace bullying is very real, and being nominated for community impact helps make it real for everyone else out there who doesn’t know it exists.”

The 2017 Business Excellence Forums and Awards are part of ActionCOACH’s on-going commitment to innovation, business excellence and business re-education for owners and teams who operate and work in small-and-medium sized businesses.

In addition to the awards ceremony, the Business Excellence Forum will feature seminars with top speakers in the world of business, including Keith Cunningham, Dr. Ivan Misner, Richard Maloney, Paul Dunn, Hall of Fame NFI Player Tim Brown and ActionCOACH Founder and Chairman Brad Sugars.
