

Manager Evolution Lab

Transform your managers into leaders with hands-on learning and coaching, and real world practice. Get real and proven results.

Pre-Self & Team Assessment

Understand gaps between managers' perceptions of their leadership versus their team's.

Tailored Content

Facilitated discussion topics based on assessment results and stakeholder needs. 6 sessions over 6 months.

Experiential Assignments

Implement new skills between sessions, debrief results and challenges at next session.

Post-Self & Team Assessment

Measure manager improvements through their own perceptions and their team's.

Proven Benefits & Outcomes

- ✓ Improved management skills, proven by the pre- and post- assessment results.
- ✓ Development of an internal manager community to inspire trust, promote peer coaching among the participants, and a coaching mindset with employees.
- ✓ More congruent approaches to people challenges now that shared language exists and expectations are clear, promoting a fair workplace culture which increases employee engagement.
- ✓ Gain insight about, and recommendations for, organizational challenges through data collected from assessments and learners, delivered in ongoing debriefs with you.
